Ladies and Gentlemen,

Are you interested in “giving something back” and supporting our young academics? By donating to our funding programme »Seizing Opportunities« – the German National Scholarship at Heinrich Heine University (HHU), you can make a targeted contribution to supporting high achievers from all faculties and subjects. Your donation of €150 to the German National Scholarship programme will be matched by the Federal Government and the full amount will be paid out to the students. Scholarship recipients will each receive €300 in support per month, enabling them to concentrate on their studies in full. In addition, the University offers non-material support in the form of cultural, academic and other activities in which you can be involved in your role as donors and have the opportunity to meet “your scholarship recipient(s)” personally. I cordially invite you to join our Donors’ Circle.

THE GERMAN NATIONAL SCHOLARSHIP AT HHU

Under the motto »Seizing Opportunities«, the German National Scholarship is currently the most successful funding programme for students at Heinrich Heine University: HHU has awarded a total of 4,555 German National Scholarships since 2011. With 465 scholarship recipients and 88 donors, HHU is currently the top-ranked university in NRW.

As a donor for the German National Scholarship programme at HHU, you have the opportunity to support ambitious new students and the students who are the best in their year from all faculties and specialist fields. In addition, there are two special funding lines for students with children and individuals seeking advancement through education who are eligible for the maximum award rate under the Federal Training Assistance Act (BAföG).

The students at HHU, the members of the Donors' Circle and Honorary Senator Professor Dr Hannelore Riesner would be delighted to see you get involved and help continue this success story. Every scholarship is a valuable investment in the future.

“I invite everyone who would like to share this positive experience of being a donor to get involved and make a difference with us. It’s a great feeling.”

Honorary Senator Professor Dr Hannelore Riesner
